Business casual attire. One-on-one appointments can be made to meet with and speak to your local legislators or their administrative assistants during the late morning or afternoon hours.

If you plan to attend, please reach out to your legislators. They will welcome the opportunity to speak to their constituents. If you cannot attend, consider reaching out when your legislators are at home. A simple visit to the local office now can open the line of communication when we have legislation that concerns us, our scope of practice, or enhancing laws already in place.

If you are not a registered voter, please consider registering. Party affiliation is unimportant as we are all on board with dental hygiene legislation. You can register to vote at: www.vote.pa.gov

RSVP by Wednesday May 14, 2018. Please include your name, address and cell number.
