The Southwest Component of the PDHA is pleased to offer local Mandated Reporter trainings for 2018. This training is mandatory for all licensed health professionals in PA for each licensure period. These courses are applicable for any dental provider and staff.

This training program is offered as a 3-hr overview. The program reviews the elements of child abuse, including the legal definitions of a child, perpetrator, and categories and indicators of abuse. The training provides an overview of mandated reporting obligations, including how to make a report, protections for those who report, and the liability for failing to report. Course will also cover recent changes to the Child Protective Services Law (CPSL).

***** Approved for NEW CE Requirements in PA*****
