PLEASE NOTE: PDHA and its components have signed with an online company that will handle our registrations for our CE courses. This was done to help streamline the registration process. With My CE Market you will be able to pay with a credit card, get immediate confirmation and track your CE credits. You will need to create an account with My CE Market (it's free) which can be done when you register for your 1st course. All the courses you take through their service will be automatically entered into your "Certificates" so you can keep track of the courses you took. With their CE Tool you can also upload certificates/course information from other sources. This way all your certificates are in one place! It will show how many credits you took and how many credits you still need for license renewal. We hope you enjoy their service!
